

Installation Summary

On _____ Time In _____ Time Out _____
Date(s)

I completed an install for _____
Location address of installation

During this time, I installed the technology that was approved for installation and available to me at the time of the installation.

- _____ Installation was completed
- _____ Additional work is required and will be scheduled with Customer Service Representative
- _____ The customer (or designee) was at the residence during installation

The system is scheduled to go live with rules and alerts on: _____
Date

Additional Notes:

Name/Signature of Installer

Installation Acceptance and Acknowledgement of Technology Training

I confirm that my system has been installed based on the information provided on the System Recommendation. I understand that **my system will go live on the date noted above**, and I understand that the system will not generate notifications as approved in the System Recommendation until this date. I also agree that this date and time may change, and separate confirmation from a *SimplyHome* Representative will be provided once the system alerts are live.

- _____ Today, we received basic onsite training about the technology during the installation.
- _____ We request training about our technology at a later date.

Name/Signature of Customer or Designee
