

Good morning, Team!

Please note effective immediately that the Carbon Monoxide Detector (product code 60-652-95; \$114.95 each) we offer as part of the SimplyHome system is on an "Engineering Hold" from the manufacturer with no known release date. Please do not actively promote or offer these as a solution until further notice. We will let you know when they are available again or if we will no longer be offering them, once we have more information from the manufacturer.

Thanks and please let us know if you have any questions or need more information. Have a great day!
